

Hello, I am Dennis Larsen

SENIOR GRAPHIC / DESIGNER WITH FRONTEND SKILLS

Self-taught Graphic / Designer with 15+ years of experience, crypto enthusiast, and proud father. I prefer to let my work speak for itself; I'm not the best at selling myself or my skills, and I often use too much crypto slang, so thank you AI for the below!

CAREER OBJECTIVE

Looking for challenging positions that combine responsibility with creative opportunities, in fast-moving environments where I can contribute both strategically and hands-on.

Chasing the perfect pixel!

CORE SKILLS

Digital & Print

Branding & Marketing

HTML/CSS

UX/UI

3D

Cross Collaboration

Summary

Over the past 15 years, I've designed digital and print solutions for companies of all sizes across industries including gambling, crypto, entertainment, television, fintech, and e-commerce.

Since 2018, part of the Deribit team, contributing to both design and development of a leading crypto trading platform. Driven by curiosity and a passion for solving complex challenges through design, technology, and cross-functional collaboration.

What Drives Me

Curiosity and a constant search for new challenges. I thrive in environments where I can:

- > Learn and apply emerging tools and technologies.
- > Collaborate across diverse teams to transform ideas into impactful design solutions.
- > Contribute strategically and hands-on, from ideation to delivery.

Experience

Deribit + Coinbase

2018 - Present

Helped and evolved the company's brand identity, including marketing materials, visual assets, and 3D/graphic concepts. Designed user experiences and interfaces across digital platforms, ensuring cohesive and engaging visuals.

Contributed to frontend and backend development, optimizing performance and scalability. Collaborated with marketing, product, and sales teams to deliver end-to-end solutions that align with business goals.

Freelance

2005 - 2018

Delivered complete creative solutions for gambling, entertainment, and TV industries, including UX/UI designs, marketing materials, print, branding, 3D, and motion graphics, all tailored to client needs.

Adapted to in-house roles as needed, working with client teams to develop digital products and interactive experiences, ensuring seamless execution and long-term project success.
